

## **TECHNICAL SHEET**

15/12/2025

Trolley dedicated to horizontal transportation and storage of cut profiles.

### **TECHNICAL SHEET**

15/12/2025

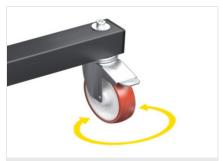

#### **Contact surfaces**

All contact surfaces are coated with soft nonslip PVC, which ensures the integrity of the surfaces in the housing stages.

# Adjustable centre supports

The adjustability of the centre supports allows extrusions of different lengths to be accommodated, facilitating their identification.

### **Pivoting wheels**

Equipped with 4 pivoting wheels with brakes, they ensure a high degree of mobility and easy handling of the object. Locking the braking units allows their position to be fixed near different work areas.

### STACK / TROLLEYS

CHARACTERISTICS	
Soft PVC contact surface	•
Number of compartments	10
4 low-wear swivel casters, 2 of which with locking (mm)	Ø = 125
Adjustable centre supports	•
Length (mm)	1.800
Width (mm)	860
Height (mm)	1.950
Load capacity (kg)	500
Weight (kg)	55

Included • Available O
